

20 ↑

This exploded perspective view illustrates the assembly 20, showing its various components and their relative positions. The assembly includes a main body 24, a top cap 26, a central shaft 28, and a bottom cap 32. The top cap 26 features a threaded section 50 and a flange 54. The central shaft 28 has a central bore 60 and a flange 62. The bottom cap 32 has a flange 36 and a central bore 38. The main body 24 includes a central shaft 70, a flange 72, and a central bore 80. The assembly is secured by a top cap 26, a central shaft 28, and a bottom cap 32. The top cap 26 has a threaded section 50 and a flange 54. The central shaft 28 has a central bore 60 and a flange 62. The bottom cap 32 has a flange 36 and a central bore 38. The main body 24 includes a central shaft 70, a flange 72, and a central bore 80. The assembly is secured by a top cap 26, a central shaft 28, and a bottom cap 32. The top cap 26 has a threaded section 50 and a flange 54. The central shaft 28 has a central bore 60 and a flange 62. The bottom cap 32 has a flange 36 and a central bore 38. The main body 24 includes a central shaft 70, a flange 72, and a central bore 80. The assembly is secured by a top cap 26, a central shaft 28, and a bottom cap 32.

This exploded perspective view illustrates the assembly 20, showing the following components and their assembly sequence:

- Component 24:** A circular base plate with three mounting holes (36, 38, 38) and a central opening (42).
- Component 32:** A rectangular plate with a central slot (100) and mounting holes (101, 104).
- Component 10:** A small cylindrical pin with a flared top (90) and a threaded section (82).
- Component 12:** A small cylindrical pin with a flared top (92) and a threaded section (94).
- Component 26:** A cylindrical component with a threaded section (50) and a flared top (59).
- Component 28:** A cylindrical component with a threaded section (60) and a flared top (62).
- Component 30:** A cylindrical component with a threaded section (71) and a flared top (75).
- Component 36:** A small cylindrical pin with a flared top (94) and a threaded section (95).
- Component 38:** A small cylindrical pin with a flared top (92) and a threaded section (94).
- Component 42:** A small cylindrical pin with a flared top (92) and a threaded section (94).
- Component 50:** A cylindrical component with a threaded section (50) and a flared top (59).
- Component 51:** A cylindrical component with a threaded section (51) and a flared top (59).
- Component 52:** A cylindrical component with a threaded section (52) and a flared top (59).
- Component 53:** A cylindrical component with a threaded section (53) and a flared top (59).
- Component 54:** A cylindrical component with a threaded section (54) and a flared top (59).
- Component 56:** A cylindrical component with a threaded section (56) and a flared top (59).
- Component 59:** A cylindrical component with a threaded section (59) and a flared top (59).
- Component 60:** A cylindrical component with a threaded section (60) and a flared top (62).
- Component 62:** A cylindrical component with a threaded section (62) and a flared top (62).
- Component 68:** A cylindrical component with a threaded section (68) and a flared top (62).
- Component 71:** A cylindrical component with a threaded section (71) and a flared top (75).
- Component 72:** A cylindrical component with a threaded section (72) and a flared top (75).
- Component 75:** A cylindrical component with a threaded section (75) and a flared top (75).
- Component 76:** A cylindrical component with a threaded section (76) and a flared top (75).
- Component 77:** A cylindrical component with a threaded section (77) and a flared top (75).
- Component 78:** A cylindrical component with a threaded section (78) and a flared top (75).
- Component 80:** A cylindrical component with a threaded section (80) and a flared top (75).
- Component 82:** A cylindrical component with a threaded section (82) and a flared top (75).
- Component 90:** A cylindrical component with a threaded section (90) and a flared top (90).
- Component 92:** A cylindrical component with a threaded section (92) and a flared top (92).
- Component 94:** A cylindrical component with a threaded section (94) and a flared top (94).
- Component 95:** A cylindrical component with a threaded section (95) and a flared top (95).
- Component 100:** A rectangular plate with a central slot (100) and mounting holes (101, 104).
- Component 101:** A rectangular plate with a central slot (100) and mounting holes (101, 104).
- Component 104:** A rectangular plate with a central slot (100) and mounting holes (101, 104).
- Component 110:** A rectangular plate with a central slot (100) and mounting holes (101, 104).
- Component 111:** A rectangular plate with a central slot (100) and mounting holes (101, 104).
- Component 112:** A rectangular plate with a central slot (100) and mounting holes (101, 104).
